

How to Check: Good Standing with Secretary of State

This is not required for public institutions, schools, tribes, or military

**If you are a sole proprietor, you need to get a trade name (registering your name with the Secretary of State), contact the Filing department (*see Step 2*).

Step 1:

Go to <https://www.sos.ok.gov/corp/corpinquiryfind.aspx>

Enter your business name in the Entity Name box. If it nothing pulls up, try clicking on the Advance Search bar and search by a specific criteria (the Search by All does not seem to work).

If your business name pulls up, the ten-digit filing number is to the left of the name. Click on the filing number to check your status.

If it states: **Active**, you are in Good Standing,

If it states: **Inactive, Expired, or OTC Suspension**, you are NOT in Good Standing, *go to step 2*.

Step 2:

If your entity is not showing up or you are not in Good Standing, call the Secretary of State at **(405) 521-3912** and click option **1** for the Filing Department.
