Our office received a new phone number and clarifying information from the Secretary of State's Office if you are checking to see if your organization is in Good Standing with the State of Oklahoma. ***This is not required for public institutions, schools, tribes, or military.***

Step 1:
Go to https://www.sos.ok.gov/corp/corpInquiryFind.aspx
Enter your business name in the Entity Name box. If it nothing pulls up, try clicking on the Advance Search bar and search by a specific criteria (the Search by All does not seem to work).

If your business name pulls up, the ten digit filing number is to the left of the name. Click on the filing number to check your status. ***If you are in Good Standing, go to step 2. If you are not in Good Standing, go to step 3.***

Step 2:
When you clicked on the filing number, you can take a screenshot of that page and send it to OSDE, or you can send us just your filing number. This is the only information we need.

Step 3:
If your entity is not showing up or you are not in Good Standing, call the Secretary of State at **(405) 521-3912 and click option 1 for the Filing Department.**

If you have any questions, please contact our office.
